

Service Bulletin SB0063

Date: January 2004
From: Capstone Technical Support
Subject: CRMS Version 4.34 Software Release for Model C60 ICHP Systems

Affected

CRMS applications for Capstone Model C60 Integrated CHP systems.

NOTE	The CRMS version 4.34 software applies only to the Model C60 Integrated CHP systems with version 4.10 software.
-------------	---

Summary

Recently, the Model C60 ICHP system software was upgraded to version 4.10 as explained in Service Bulletin SB0062. Due to this change, the CRMS software has also been upgraded to version 4.34 (from version 4.30) to support the Model C60 ICHP systems. Capstone requires the ASP's upload the CRMS version 4.34 software to their PC's for monitoring the Model C60 ICHP systems with version 4.10 software.

NOTE	The software zip files are located on the Members Only section of the Capstone website.
-------------	---

Responsibility

It is the responsibility of Capstone to provide description of software changes contained within this document to inform Authorized Service Providers.

It is the responsibility of Capstone to make available this software version to Authorized Service Providers.

It is the responsibility of the Authorized Service Provider to upload this software to his/her PC for monitoring the fielded Integrated CHP systems.
